ELTROXIN

New Formulation

Levothyroxine sodium

25 µg, 50 µg, 75 µg, 100 µg, 200 µg

Flexible and Convenient

LACTOSE FREE
FORMULATION

GLUTEN FREE
FORMULATION¹

WIDE RANGE
OF STRENGTHS

Due to the subtle differences between levothyroxine formulations and pharmacokinetic variability between individuals, some patients may experience a change in clinical effect when switched to a different brand or formulation.^{2,3}

The serum TSH level should be used to monitor adequacy of thyroid hormone replacement and should be assessed every 4 to 8 weeks after any dosage change and until the goal TSH is reached and maintained.⁴
